TERMS OF SERVICE

Agreement to Sell and Purchase Energy. This is an agreement between Atlantic Energy MD, LLC (“Atlantic Energy”, “Supplier”, “Us”, “Our”, “We”), a Competitive Retail Electricity Supplier (“CRES”) and a Competitive Retail Natural Gas Supplier (“CRNGS”), and the undersigned customer (“Customer” or “You” or “Your”) under which Customer shall obtain electricity generation and/or natural gas supply service and begin enrollment with Atlantic Energy (the “Agreement”). This Agreement shall become effective and binding on the Parties as of the earliest to occur of: (i) the date the Agreement is executed by both Parties; (ii) the date on which Supplier provides written confirmation (including via e-mail) to Customer (or, if applicable, Customer's agent) of its acceptance of this Agreement; or (iii) the date Supplier takes any action in reliance on this Agreement, including submitting an enrollment request to the applicable utility (the “Effective Date”).

Supplier is certified by the Public Utilities Commission of Ohio (“PUCO”) to offer and supply electricity generation and natural gas supply services in Ohio. Our certificate number for electricity supply is 16-1141E and for natural gas supply is 18-640G(1). Subject to the terms and conditions of this Agreement, Supplier agrees to sell and deliver, and Customer agrees to purchase and accept the quantity of electricity and/or natural gas as necessary to meet Customer’s requirements based upon consumption data obtained by Supplier from the Electric Distribution Utility (“EDU” or “Utility”) and the Natural Gas Distribution Supplier (“LDC” or “Utility”). Supplier is not affiliated with and does not represent your EDU or LDC.

Price & Billing. This is a fixed price agreement. Your price for electricity generation service with Supplier is 10.29¢ per kWh. This fixed rate will not change during the Initial Term. Your price for natural gas supply with Supplier is N/A. Supplier’s price is exclusive of all applicable state and local taxes. You

will incur additional charges for the incumbent Utility’s services and delivery charges. For variable electricity generation supply rates, the rate may vary from month to month based on the following factors: Supplier’s actual and estimated costs of obtaining wholesale electricity supply from PJM Interconnection, LLC (“PJM”), including prior period adjustment, inventory and balancing costs, transportation and transmission costs incurred by Supplier, and Supplier’s administrative costs, expenses, and margins. For variable natural gas supply rates, the price per N/A will vary from month to month based on the wholesale cost of natural gas from the NYMEX exchange (including commodity, capacity, storage and balancing), transportation to the Delivery Point, plus all applicable taxes, fees, charges and Supplier’s costs, expenses and margins. There is no limit on the amount that your price can decrease or increase from month to month and there is no maximum price.

Supplier does not offer budget billing for the supply portion of the bill. Customer’s Utility may charge switching fees. Customer has the right to request from Supplier, twice within a twelve-month period, up to twenty four months of the Customer’s payment history without charge. Please note that historical pricing is not indicative of present or future pricing. Supplier will supply your electricity and/or natural gas and Your Utility will continue to deliver electricity and/or natural gas, read Your meter, and send You Your bill. You will continue to receive one bill from your Utility. Failure to pay these bills may result in You being disconnected in accordance with the Utility’s tariff. Your Utility will continue to provide all emergency repairs and services.

Term. “Service Commencement Date” means the date on which Supplier first begins providing electricity and/or natural gas to the Customer under this Agreement, which shall be the date of the first meter read following the Utility's acceptance of the

Supplier as the Customer's REP of record. This date may occur after the Effective Date. "Initial Term" means the period beginning on the Service Commencement Date and continuing for the number of months specified in the Contract Summary. For clarity, the Initial Term corresponds to the term stated in the Contract Summary (12 months) and is not shortened or extended due to any difference between the Effective Date and the Service Commencement Date.

Termination; Early Termination Fee. "Early Termination" occurs when Customer cancels or terminates this Agreement after the Effective Date and before the expiration of the Initial Term. Upon Early Termination of this Agreement, you will be charged an Early Termination Fee of \$75.00. You may cancel this Agreement by contacting Supplier at (800) 917-9133 or by email at info@atlanticenergyco.com. Customer may terminate this Agreement without an Early Termination Fee if Customer moves outside of an area served by Supplier or where Supplier charges a different price. If You voluntarily return to the Utility after terminating this Agreement, You may be charged a price other than the Utility's applicable tariff rate.

Supplier may terminate this Agreement if there is a Change in Law that results in Supplier being prevented, prohibited, or frustrated from carrying out the terms of this Agreement. If Customer fails to pay the bill or to meet any agreed upon payment arrangement, in accordance with the incumbent Utility's tariffs this Agreement will automatically terminate. Supplier will provide 14 calendar days written notice prior to termination for non-payment. If your electricity and/or natural gas service is terminated by your EDU or LDC, then this Agreement is terminated on the date that your service is terminated.

You will owe Supplier for amounts unpaid for Supplier's charges for electricity generation and

natural gas service up to the date of termination. If We cancel this Agreement for any reason other than for customer non-payment, we will follow applicable rules in providing notice to you.

Rescission. Your EDU will send you a notice to confirm your choice of Supplier for Electric supply. You may cancel your Electric Agreement within seven (7) calendar days from the postmark date of the notice that your EDU sends with your enrollment confirmation by contacting your EDU either by phone or in writing.

Your LDC will send you a notice to confirm your choice of Supplier for natural gas supply. You may cancel your natural gas Agreement with no penalty within seven (7) business days from the postmark date of the notice that your LDC sends with your enrollment confirmation by contacting your LDC either by phone or in writing.

Renewal. Unless otherwise agreed to, upon expiration of the Initial Term, this Agreement will automatically renew on a month-to-month basis with a variable rate methodology with no change to the remaining terms (the "Renewal Term"). Supplier will provide You with a written notice forty-five (45) to ninety (90) days prior to the expiration of this Agreement. If Customer switches back to the EDU or LDC, Customer may or may not be served under the same rates, terms and conditions that apply to other customers served by the EDU or LDC.
